

Google European Doctoral Fellowships

- Yair Adato, Google Europe Fellowship in Computer Vision (Ben-Gurion University of the Negev, Israel)
- Amir Adler, Google Europe Fellowship in Multimedia (Technion - Israel Institute of Technology, Israel)
- Konstantinos Bousmalis, Google Europe Fellowship in Social Signal Processing (Imperial College London, United Kingdom)
- Chloe Brown, Google Europe Fellowship in Mobile Computing (University of Cambridge, United Kingdom)
- Stefan Bucur, Google Europe Fellowship in Software Dependability (École Polytechnique Fédérale de Lausanne, Switzerland)
- Bruno José Conchinha Montalto, Google Europe Fellowship in Computer Security (Swiss Federal Institute of Technology Zurich, Switzerland)
- Alessandro Epasto, Google Europe Fellowship in Algorithms (Sapienza University of Rome, Italy)
- Tobias Grosser, Google Europe Fellowship in Efficient Computing (University Pierre and Marie Curie / INRIA, France)
- Thomas Hansen, Google Europe Fellowship in Game Theory (Aarhus University, Denmark)
- Petr Hosek, Google Europe Fellowship in Software Engineering (Imperial College London, United Kingdom)
- Juhi Kulshrestha, Google Europe Fellowship in Computer Networking (Saarland University, Germany)
- Silvia Lametti, Google Europe Fellowship in Computer Architecture (University of Pisa, Italy)
- Benjamin Roth, Google Europe Fellowship in Natural Language Processing (Saarland University, Germany)
- Uri Shalit, Google Europe Fellowship in Machine Learning (The Hebrew University of Jerusalem, Israel)
- Omer Tamuz, Google Europe Fellowship in Social Computing (Weizmann Institute of Science, Israel)
- Ian Zerny, Google Europe Fellowship in Programming Technology (Aarhus University, Denmark)

Google China PhD Fellowships

- Jiannan Wang, Google China Fellowship in Mobile Data Management (*Tsinghua University*)
- Yonggang Wang, Google China Fellowship in Open Social Network Security (*Peking University*)
- Junliang Xing, Google China Fellowship in Computer Vision (*Tsinghua University*)
- Xin Zhao, Google China Fellowship in Natural Language Processing (*Peking University*)

Google United States/Canada PhD Fellowships

- Alekh Agarwal, Google U.S./Canada Fellowship in Machine Learning (University of California, Berkeley)
- Thomas Bergan, Google U.S./Canada Fellowship in Programming Technology (University of Washington)
- Tsung-Hsiang Chang, Google U.S./Canada Fellowship in Human Computer Interaction

- (Massachusetts Institute of Technology)
- Francisco Claude, Google U.S./Canada Fellowship in Search and Information Retrieval (University of Waterloo)
- Matthias Grundmann, Google U.S./Canada Fellowship in Computer Vision (Georgia Institute of Technology)
- Marc de Kruijf, Google U.S./Canada Fellowship in Computer Architecture (University of Wisconsin)
- Ranjitha Kumar, Google U.S./Canada Fellowship in Design Development (Stanford University)
- Abraham Othman, Google U.S./Canada Fellowship in Market Algorithms (Carnegie Mellon University)
- Raluca Popa, Google U.S./Canada Fellowship in Secure Cloud Computing (Massachusetts Institute of Technology)
- Prakash Prabhu, Google U.S./Canada Fellowship in Parallel Programming (Princeton University)
- Sudeepa Roy, Google U.S./Canada Fellowship in Structured Data (University of Pennsylvania)
- Sayandeep Sen, Google U.S./Canada Fellowship in Mobile Computing (University of Wisconsin)
- Elif Yamangil, Google U.S./Canada Fellowship in Natural Language Processing (Harvard University)
- Matei Zaharia, Google U.S./Canada Fellowship in Computer Networking (University of California, Berkeley)
